

IMPORTANT!

JOINING INSTRUCTIONS FOR TOP HAT DRIVERS BRDC SILVERSTONE CLASSIC

PASSES

- Your Grid Organiser will distribute your personnel passes. These will arrive via email, and you can access them using the Silverstone Ticketing App.
- (7-tickets for Top Hat race)
- Vehicle passes will be issued on arrival

PRE-EVENT

- Read the Site Safety Rules on <https://www.silverstone.co.uk/events/brdc-classic/competitor-information>
- Read the HSCC Finals which will also appear on <https://www.silverstone.co.uk/events/brdc-classic/competitor-information> when finalised
- If any of your drivers have employed a race preparer company to prepare their race cars then they will need to fill in the [MCP Booking Form and H&S Checklist](#)
- If competitors are camping overnight Saturday they need to apply here [Competitor Camping Form](#) and will get further instructions from SCL

ARRIVAL & SET-UP

- Sign-on with HSCC in race control; building. (**This is a manual sign-on. Please ensure that you have your race licence with you**).
- You will receive TEAM wristbands from the HSCC once you have signed-on. The wristband grants you access to the pit lane during the event.
- Arrival window of 14.00 - 19.00 Saturday for HRDC drivers
- Arrive in Car Park 49 (See attached plan for location) to be escorted in from there by one of the paddock management team, to your Support Paddock location (see paddock plan on HRDC website)
- Each driver will be issued in CP49 with a Competitor Parking pass and a Support Vehicle pass if applicable. The Competitor Parking pass is for parking their car (see attached Competitor Parking Overview plan) and the Support Vehicle pass is for in the case that they have a separate van with tools/spares in and can be parked in Support Vehicle parking (see paddock plan). As discussed, you will be able to leave your trailers in situ in your designated grid area in the Support Paddock to minimise vehicle movements, rather than taking them down to trailer parking.

EVENT DAYS

- Access to site using your ticket and Competitor Parking pass or Support Vehicle pass
- If you are leaving site, please ensure you scan out so that you are able to scan in again when returning
- There will be strictly no vehicle access (other than for race cars) into the paddocks during live race timings. Race cars based in support paddock areas must access the paddock via the "Crossover Gate" – see attached RACE CAR ACCESS TO PADDOCK map. Please return to your designated areas via the same route and abide by the paddock speed limit of 5mph.

BREAKDOWN

- Once your race finishes, you will be able to load up within your designated grid area (you will already have your trailers there) and depart along the road network exiting via the main gate.

OTHER INFO

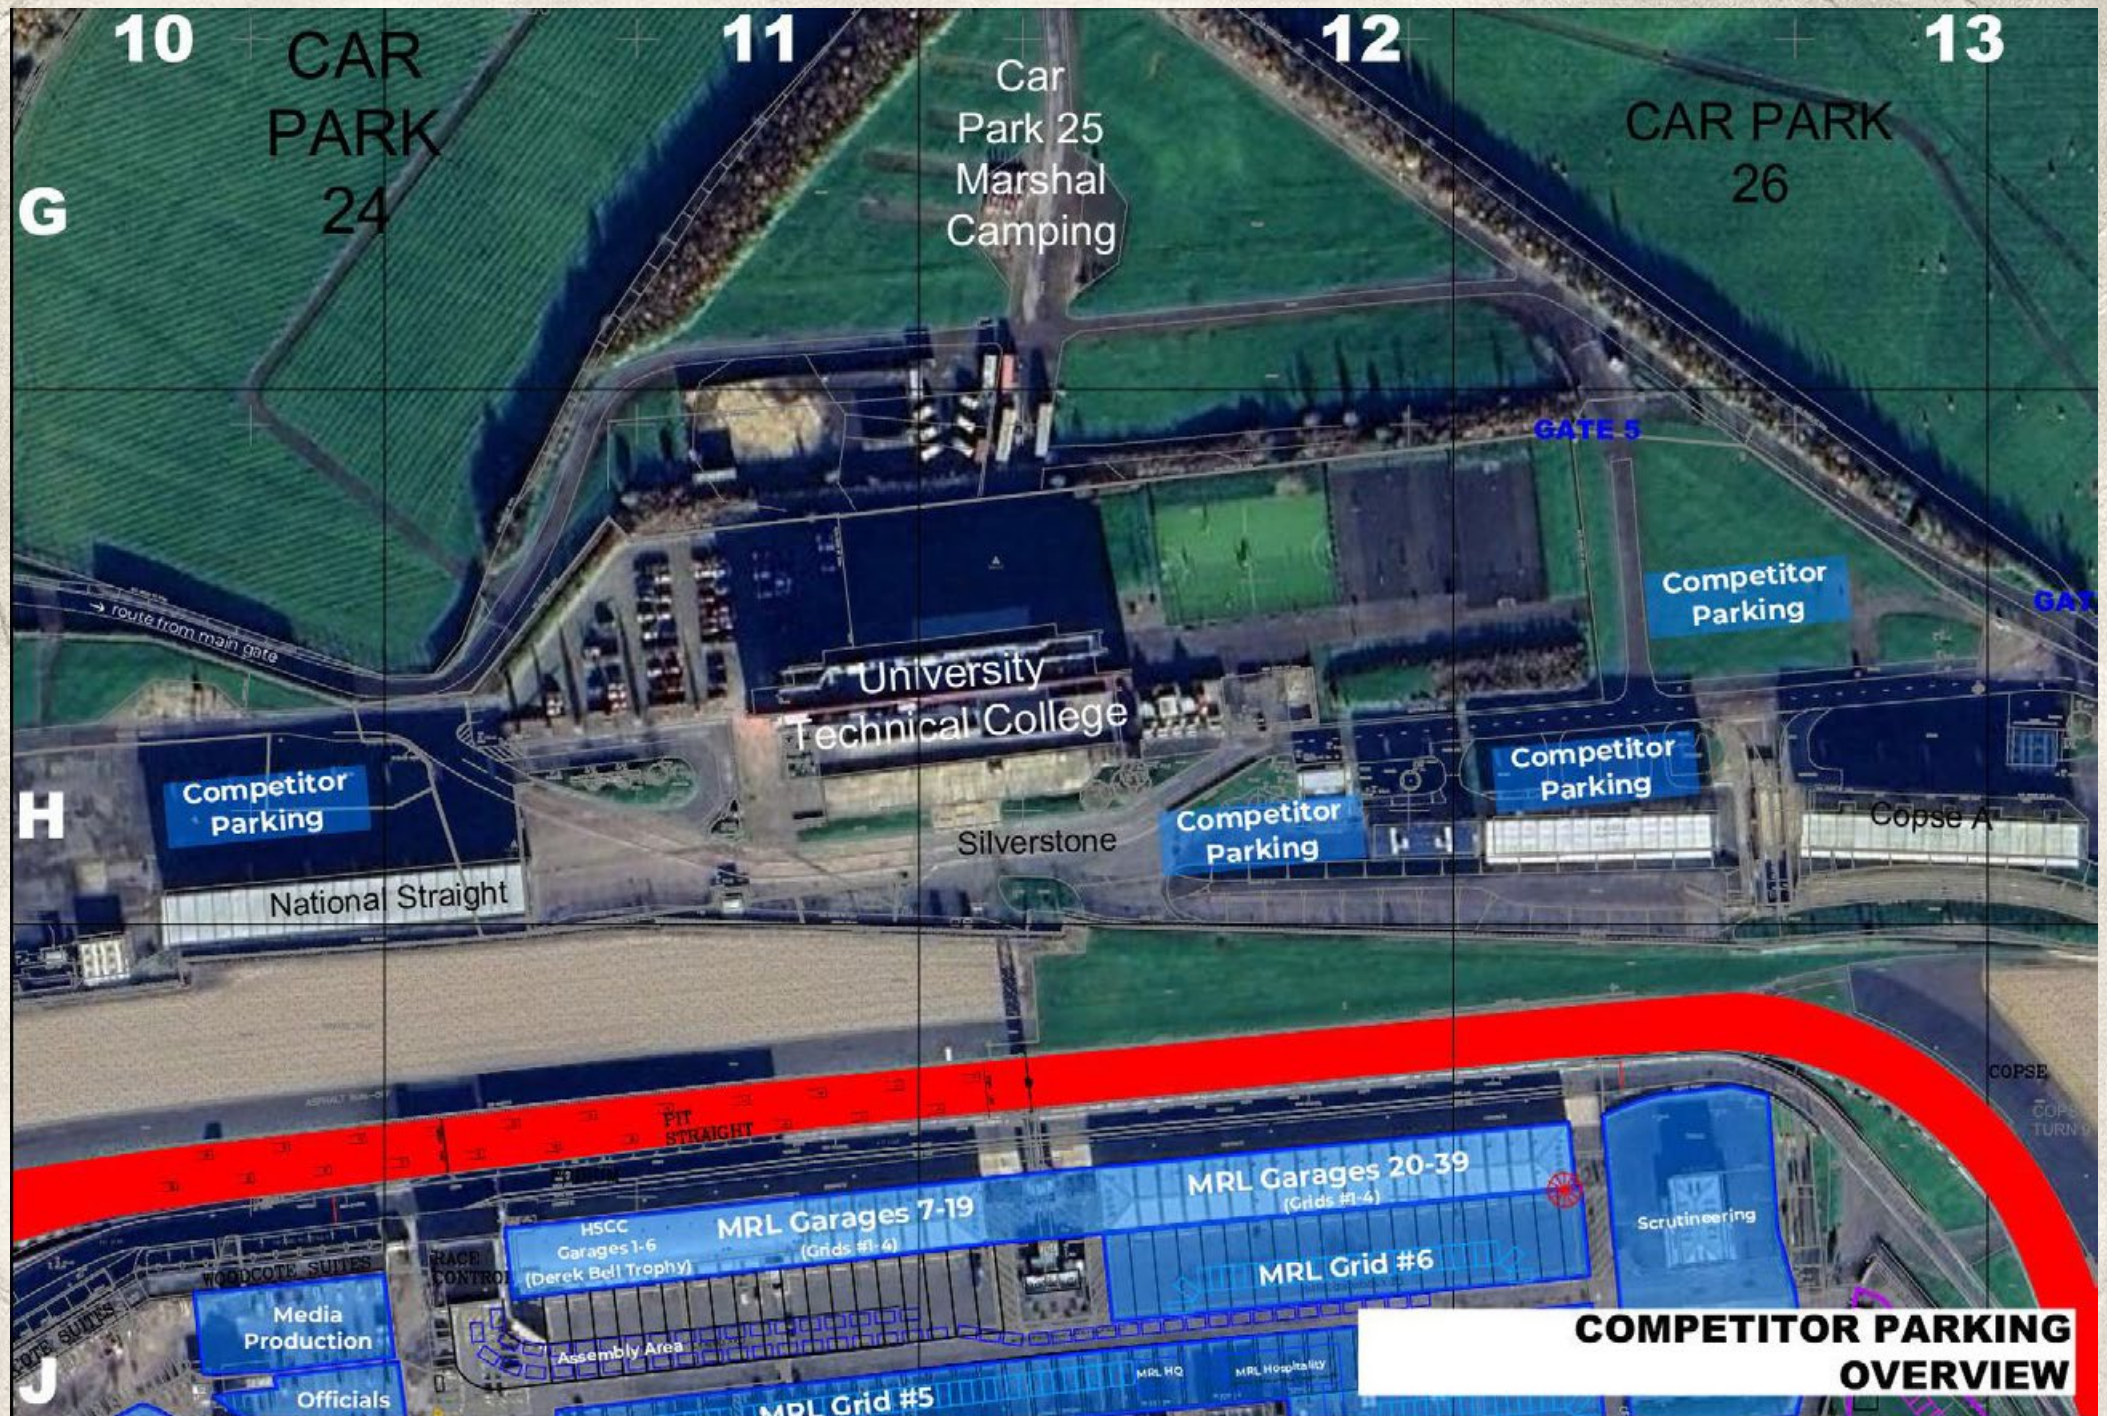

- Barbecues and/or open fires are NOT permitted in the pit garages, paddocks and support paddocks. This is in the interest of safety given the large amount of fuel in use in the pits and paddock areas.
- There will be a designated BBQ area opposite Scrutineering for competitors to use.
